

POWER LINE ARRIVES

Connection Will Be Made with the Sub-Station This Week.

The power company has its pole line into Reno and will connect with the sub-station on East Fourth street some time next week.

Ten men are at work setting heavy fifty-foot poles carrying two insulator arms. The poles are being placed 150 feet apart and will carry six heavy copper wires that will carry a voltage of 800 each. They will be heavily insulated within the city limits.

Power will be supplied by the Truckee River General Electric Company from the plant at Mystic. One of the officers of the company informed The Journal yesterday that within the next six months nearly all the power generated at the big plant up the river would be utilized in this city.

Interesting Episode.

A little incident occurred on Virginia street yesterday afternoon that evidences that people are different even if they look and dress very much alike.

A lady, who was cycling down the thoroughfare, met with an accident. Her skirt caught in the chain of her wheel and she was held a prisoner. Several score of spectators gaped at the lady in her predicament, but only one had the gentlemanly instincts to prompt him to go to her assistance. While the throng of loafers were passing remarks over the incident this young man extricated the skirt and sent the cyclienne on her way rejoicing.

Drowned in the Truckee River.

A young man named Charles Derby was drowned Friday noon at Marmot, a short distance above Verdi. His brother threw a rope to him and in reaching for it he fell into the stream. His body was carried over the dam and was not found for two hours.

Coroner Peers went to Verdi and held an inquest over the remains. The jury's verdict was accidental death. The funeral of the young man will be held today in this city.

A Class Picnic.

The Senior class at the University held its annual picnic yesterday. Chaperoned by Miss Edwards, about twenty students drove up to Verdi. They were guests of the Lumber Company and were taken out to the end of the logging railroad, in picturesque Dog Valley.

TO PARENTS AND STUDENTS.

Straining the eyes while studying means inflamed eyelids, headaches, nervousness, cross eyes, muscular weakness and thousand other defects. Parents should help to make studying a pleasure for children, instead of a task, by taking them to the Frank Golden Jewelry Company and having their eyes properly examined to see if there is any defect in the eyesight.

TELEGRAPHIC BREVITIES

News of the Day Presented in Brief Form for Perusal by Busy Readers.

President McKinley leaves an estate of \$215,000.

Strikers and employers are coming to terms in San Francisco.

President Roosevelt will probably visit the Pacific Coast next year.

The employees of the elevated railroads in Chicago are on a strike. A serious riot occurred in Ohio yesterday between striking steel workers and non-union men.

The Schley Court of Inquiry is still in progress. It is being demonstrated that Admiral Schley was the real victor of the great naval battle.

Lord Kitchener is dissatisfied with the partial enforcement of martial law in South Africa. He also desires more serious penalties for rebellion and better reinforcements.

The first race between the defender Columbia and the challenger Shamrock was run yesterday and the American yacht was the victor, although early in the race the visitor led.

Services in the Churches Today.

Trinity Episcopal Church — Holy Communion at 7:30 a. m.; Sunday School at 9:45 a. m. Morning prayer and sermon at 11 o'clock; evening prayer and sermon at 7:30 p. m. Note the change of Sunday School hour.

Methodist Church — The pastor will preach both morning and evening. Morning subject "Goodness That is Land Up." Evening subject, "Power of Purpose." Sunday School at 10 o'clock; Epworth League at 6:30. All invited.

Brakeman's Injuries May Prove Fatal.

A brakeman named Monville, who is employed on the Verdi Lumber Company's railroad, met with a serious and probably fatal accident yesterday.

While engaged loading a train in Dog Valley a log rolled on him, inflicting internal injuries. He was taken to town for treatment. Monville has only been in the west a short time. His home is in St. Louis.

An Old Settler.

Wm. B. Tiffany, land agent for the Hobart Mule Company, was in town yesterday. Mr. Tiffany was one of the first settlers in this region, having come to Galena Creek 42 years ago.

TERSE AND TO THE POINT

Little Bits of Items, but Still Worthy of Mention.

Letters are in this office addressed to box 25 awaiting a claimant.

The pay wagon went through yesterday and made the railroad boys happy.

George Robson is on the streets again after having suffered a serious attack of typhoid fever.

A man with the somewhat uncommon name of Billy Jesus, is a guest at a Reno hotel.

Judge B. F. Currier was reported somewhat better last evening, but he is still very weak.

P. N. Packard of Gardnerville will open a law office in this city. His family will arrive shortly.

Yesterday the Board of Equalization valued the property of the Reno Water, Land and Light Company \$10,000.

Chas. B. Bell and George Reardon went down the canyon yesterday to catch all the trout in the river before the season closes.

A stranger, by the name of Ed Smith, was on trial yesterday afternoon on the charge of disturbing the peace. The jury acquitted him.

The Board of Equalization is in session yesterday. Several small reductions were made and some property was increased in value.

These cool mornings a coffee royal hits the right spot. Try one at the Washoe bar and then eat a big steak at the Washoe lunch counter.

Next week several Michigan people, who are interested in the Lake copper properties, will be in Reno looking for investments in mining claims.

The faculty of the University have been investigating the recent hazing. It is not probable that the offenders will be hauled up "on the carpet."

Parties in Douglas county are negotiating for a number of lots in St. George's Addition. The Doctor will go out in a day or two to close the deal.

C. M. Davenport, the real estate dealer, sold to H. C. Clausen of the Washoe Lunch Counter Mrs. Lake's cottage on California Ave. Consideration, \$3500.

The employees of the Verdi box factory are arranging to give a masquerade ball next Friday evening. There will undoubtedly be a large attendance from Reno.

Messrs. Bryan and Smith, the Commercial Row soda manufacturers, have branched out with a handsome new delivery wagon. Their ad will appear in The Journal in a day or two.

Blooded Stock.

J. H. Patrick left last night for his home in Canada, having sold a couple of carloads of his pure blood Lincoln bucks in this city and vicinity. He will return in a few weeks with another consignment.

DISCUSSES THE BRIDGE

A Builder Pronounces the Structure to Be Safe.

Editor Journal: Having noticed in the evening Gazette that the editor of that paper has had a talk with one Mr. Eaden of the Southern Pacific Company, and learned from him that the iron bridge across the Truckee at Reno is "not safe for a single day," and that it had "outlived its usefulness," etc., I beg to say that it is the first time I have ever known of a Southern Pacific official giving out gratuitous information; they usually require cash money for their opinions.

As an expert bridge builder, and having had charge of this bridge for several years; I give it as my opinion that in so far as the iron work of this bridge is concerned, it is absolutely safe for several years yet. To be sure the bridge has somewhat more "lateral motion" than formerly; this is because the floor or bottom of the bridge which is made of wood, has become worn; and by putting in a new floor or bottom this lateral motion would disappear.

So far as a stone pier doing the bridge any good, the idea is preposterous. No suspension bridge can be strengthened in that manner. "They are not built that way." The frame of this bridge is as good as it ever was; and only needs new wood work and perhaps a few new bolts to make it perfectly safe for all reasonable loads.

M. J. CURTIS.

Recognition of Nevada.

To the teachers of the State:

In pursuance of the requirements of Section 1775 of the Political Code of the State of California, the State Board of Education of California, at a meeting held on Saturday, September 14, 1901, recommended that the Normal Schools of Colorado, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, New Jersey, New York, Nevada, Rhode Island and Wisconsin be accredited as being of equal rank with the State Normal Schools of California. The holders of the highest grade diploma issued by these Normal Schools may be granted a grammar grade certificate by County, or City and County Boards of Education, without examination.

This notice is published for the information of the teachers of this State.

Very respectfully yours,

J. E. STUBBS, President.

State papers please copy.

Will Build Ore-Reducing Plant.

A 500-ton ore bin is being constructed near the Reno Star mine at the site of the large mill that will be shortly erected. After the low grade ore is crushed it will be treated by the cyanide or hypo process. For the present the high grade ores will be shipped to Selby's. The Sparks Company will erect a smelter of its own as soon as the nature of the ore below the water level is ascertained.

At present the water is not increasing in flow. The pump is on eight feet deep and it is kept clear by running the pump a few minutes every second day.

Extensive Improvements.

The Reno Meat Company is enlarging one of its places of business, the Reno Market, on Commercial Row. The partition between the market and Grif Parry's saloon has been taken out and the floor space thus greatly enlarged. The market has now four entrances from the street.

A number of other improvements will be made, including the addition of two cutting blocks. A glass walled office will be built and the whole establishment will take on metropolitan airs. This is now by far the largest meat market in the State.

Eastern Hop Tonic.

Yesterday the Monarch Saloon Company received another carload of the celebrated Anheuser-Busch beer. Messrs. Bryson & Cohn offered to send a bucket of it to The Journal office, but were informed that the printers had all reformed. However, to the writer's best recollection, it must be said that Anheuser-Busch is pretty nearly right.

George Holman, who has been spending his vacation in this city, returns tomorrow to resume his run on the Sierra Valleys railway as conductor.

A Big Boom in City Realty.

Dr. St. George has sold forty-one lots in his new addition to Reno. It is the belief of the writer that this is the greatest number of lots that have ever been sold in Reno for the same length of time. Building operations have already been begun and before next season closes "The Heights" will be one of the most popular residence portions of the city.

Real Cause of the Water Scarcity.

For several days The Journal has been criticizing the local ditch owners for wasting water and leaving the local manufacturing enterprises without sufficient water for power purposes. While this is true, (the chief cause for the shortage a week ago was the Truckee Lumber Company, which shut off the entire flow of the river in order to fill its boom dam,

While the local water and mill company were hampered by the loss of water, the power company at Mystic was even more discommoded.

THE PALACE DRY GOODS HOUSE.

The Palace Dry Goods House is showing one of the prettiest assortments of ladies' and children's jackets, ladies' tailor-made suits and skirts; also an entire new line of French flannel waists. The Palace has just received the latest in dress goods and trimmings. There is also a fine assortment of furs. The Palace always carries a full stock of comforters, blankets, sheeting, sheets and pillow cases, towels, table linen and napkins to match, in fact everything in the dry goods and fancy goods line.

THE GREAT NORTHERN

Extension Work on the N.-C.O.-Other Railroad News.

Mr. Bennett, traffic manager for the Nevada-California-Oregon railroad, has received a number of handsome views of scenery along the line of the road.

The photographs were taken by C. R. Savage, one of the best scenic photographers in the United States. He is out from Salt Lake and is now taking views of the Sierra in the vicinity of Johnsville.

Extension work is progressing very satisfactorily. Mr. Bennett believes that trains will be running regularly to Madeline, sixteen miles beyond Termino, within the next thirty days.

The grade to Mohawk Valley on the extension to the Sierra Valley railway is rapidly nearing completion. Steel is expected to arrive any day. A rumor comes from the general office of the road that after this season no more narrow gauge track will be laid.

Traffic is very heavy at present. Stock is moving out rapidly and there is heavy traffic in wood and lumber. Mr. Dunaway, Jr., the train dispatcher, has his hands full providing cars for the great demand at present.

The company car shops are running full handed. There is considerable repair and alteration work and a number of new freight cars are being constructed.

It is not probable that any more extensions will be run over the road this season. It is strange that they were not more liberally patronized. The company provided comfortable cars and made such low rates that pleasant and cheap outings were provided into regions that were terra incognita to the majority of Renoltes, who were not given a reasonable opportunity by the former management of the road to visit the scenic north.

WHERE TO DINE.

A duck dinner will be served this afternoon at the Golden Eagle Hotel. There will be all the trimmings necessary to make a delicious repast. A splendid dining place. Only 25 cents.

ANARCHY BREEDERS.

LAST Sunday at Chicago, Senator Dolliver delivered a speech or lecture which was strong in sentiment, thought and judgment. While it did not outline any legislative specific against anarchy, it showed that the word is so broad in its meaning that it probably includes many of those who were loud and sincere in their exclamations against the doctrines which inspired the assassination of President McKinley.

The Senator said in part "Legislators who betray the commonwealth, judges who poison the fountain of justice, municipal authorities which come to terms with crime—all these are regular contributors to the campaign fund of anarchy," said the orator. The howling mobs of lynchers who dance in drunken carousal about the ashes of some negro malefactor are anarchists whom the Senator likened to assemblages of wild beasts. The "reserve corps of anarchy" he called them, whether they belonged to the north or the south, and he rebuked them with the President's words concerning Czolgosz: "Let no one hurt him; let the law take its course."

The Senator hit the nail on its head. Every act of oppression by those in authority; every cause of discontent given by the representatives of any of the branches of the national or State governments, and every act committed by bands of lawless men, organized to wrench the law and its execution from the legally constituted authorities, each and every one of them is "a contributor to the campaign fund of anarchy, and which together constitute a most formidable 'reserve corps' to the murderous crew in actual and active service.

Every law which discriminates in favor of the few at the expense of the many, is an anarchy breeder, and every court decision, wherein the law is tortured into a meaning not intended by its authors and made an instrument to persecute a class for the furtherance of the interests of a favored few, does better recruiting service for the Most and Emma Goldman band than all of the anarchistic literature that was ever distributed throughout the country.

While these oppressions probably convert but few persons to the doctrine of "death to all rulers" which is the basis of the creed of orthodox anarchism, it renders them more tolerant of the supporters of the red flag and insures for the murderous band a sort of unconscious "moral support" which the individuals themselves probably do not intend to bestow. But it is nevertheless a stimulant and encouragement to the red handed and bloody minded leaders who welcome every cause of discontent as a fresh supply of fuel for the altar fires of their hellishly consecrated temple.

It should be the aim of every branch of our national and State governments to furnish the least possible amount of such fuel, without which the fires of the unholy shrine would soon slumber out with nothing left except the cold ashes of unrighteousness to remind the few remaining worshippers of the cause which Satan himself had abandoned as too great an undertaking for his infernal powers.

FAIR TREATMENT.

THE relations which today exist between the railroad and people are entirely different than they were one year ago. A great deal has been said about the policy of the Democratic party and the fusion platform for the last campaign but the candid manner in which it dealt with public matters has evidently borne fruit. Among other things, it demanded the removal of C. C. Wallace and asked that on behalf of the mutual interest of the people of the State and the railroad that a purely business agent be appointed who should look rather to the business than the political interests of the State. The platform was adopted and the last session of the legislature followed out the policy, thus demonstrating its sincerity and good judgment. In the meantime C. C. Wallace was retired and we now have a business agent at Reno whose duties are business duties and whose interest in our State, its rates and traffic problems, will be of great value. The fusion party in Nevada has the interests of Nevada at heart and evidently its appeal of good judgment has borne fruit.

The great problem confronting the people in Nevada is the transportation and traffic problem. Nevada is a State of vast resources and hitherto has been a neglected asset of the railroad, but under the policy, the new life, it is hoped that Nevada will profit by rates on her products and by a co-operation of the railroad in building up the State. The time has come in Nevada when conservative judgment should guide us. There is not and never has been any disposition on the part of the people to fight or cinch the railroad. The people want fair treatment, they want a business interest manifested, they want assistance in State development and they are ready to protect the rights of the railroad or any other corporation and guarantee to them the protection of the law and immunity from unjust legislation and vicious politics. It is right, however, to expect that the business value of Nevada will persuade the railroad to foster our industries by fair

rates and to attract people by low trip fares and to build up our State by lending its support to development projects.

Antagonism is a poor policy. The day when the politician, for selfish purposes, has attacked corporate interests is past. Capital is needed in Nevada and capital shall enjoy at our hands the same immunities and protection vouchsafed the humblest citizen. Reno wants the postal clerks, she wants people, she wants rates and the appearance in this State of railroad representatives whose business to invite trade, secure freight traffic, to give good rates to home industries, rather than devote their time to small politics is a healthy sign for Nevada. It remains for the people of this State to demonstrate by good judgment and conservative legislation, and economical administration that Nevada is a good State in which to invest capital.

THE Wells Herald refuses longer to club with the San Francisco Call. The Herald gives the following as its reason for not continuing its club relations with the Call: The Call has joined the Employers' Association of San Francisco and is doing all in its power to crush the workingmen, by vilifying and misrepresentation. It has proven itself a disreputable sheet and no friend of the laboring man, should read its polluted columns.

IN 1870 Nevada had 45,000 population. In 1880 she had 62,000, in 1890 she had 45,000, in 1900 she had 42,000. In 1910 she will have 90,000. These figures ought to be an object lesson to Nevada. Every citizen should take them, study them and examine into the causes which have produced them.

THE coming winter will be the winter of the politician; discontent, the summer, the summer of his expectancy, next fall, the fall of his disappointment.

THE Republican press points with pride to the collapse of the steel strike. We wonder with what view it considers the strikers who were starved into submission.

THERE is no boom in Reno. Her growth is substantial and we predict that she will have a population of 12,000 in five years.

RENO is said by commercial travelers to be the best small city on the Pacific coast.

IS IT become les majeste to criticize the Republican party?

WILL it be Teddy and Freddy next time?

[Timber Land, Act June 8, 1878.]

NOTICE FOR PUBLICATION.

UNITED STATES LAND OFFICE,

Carson City, Nevada, August 31, 1901.

NOTICE IS HEREBY GIVEN THAT IN

compliance with the provisions of the

act of Congress of June 8, 1878, entitled "An act for

the sale of timber lands in the States of Cal-

ifornia, Oregon, Nevada, and Washington Ter-

ritory," Samuel Longabaugh of Empire, coun-

ty of Ormsby, State of Nevada, has this day

died in this office his sworn statement No. 48,

for the purchase of the 1/4 of sec. 34 and 1/4

of sec. 35 of Section No. 36, in Township No. 17 N,

Range No. 18 E, M. D. M., and will offer proof

to show that the land sought is more valuable

for its timber or stone than for agricultural

purposes, and to establish his claim to said

land before the Register and Receiver of this

PUPILS WHO HAVE MERITED MENTION

Report of the Public Schools Shows an Attendance that Breaks the Record.

To the Honorable Board of School Trustees.
Gentlemen: I herewith present my report and the Honor Rolls for September.

The enrollment for September was 716, beating all previous years, for the same period, by 53, the next largest being last year, 663. This large increase amply justifies that action of the board in securing an additional room and teacher.

The school year opens under most favorable conditions. A revision of the school course on modern lines is well under way and a part of the same is already being put to the test of actual trial. A spirit of progressive activity pervades all the school rooms, which promises very much for results later. In the High School an improved student spirit is manifest, and I have much hope that it will be abiding. The Reno High School should stand for all that is best in public school education in the inter-mountain region, and I feel that we should keep that aim constantly in view.

HONOR ROLLS.

NIGHT OF TERROR.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she would die from Pneumonia before morning" writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of Consumption. After taking, she slept all night. Further use entirely cured her." This marvellous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50 cents and \$1. Trial bottles free at S. J. Hodgkinson's drug store.

PIANOS ON EASY TERMS.

And at prices to suit any one. The prices range from two hundred and twenty-five dollars up—twenty-five dollars down and the balance in ten-dollar monthly installments.

These pianos are all fully guaranteed and have the latest improved action and are the style upright. No one on earth sells better pianos or better-toned pianos, or gives more value for the money than C. J. Brookins. Brookins has lived and sold pianos in Reno for thirty years. Why not buy your piano of Professor Brookins, who knows all about pianos and has made them a great study for thirty years? Call at 214 Virginia street, C. J. Brookins' store.

STOOD DEATH OFF.

E. B. Lundy, a lawyer of Henrietta, Tex., once fooled a grave-digger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malarial, kills disease germ and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous complaints, kidney troubles, female complaints; gives perfect health. Only 60 cents at S. J. Hodgkinson's drug store.

A SHOCKING CALAMITY.

"Lately befell a railroad laborer," writes Dr. A. Kellett, of Willford, Ark. "His foot was badly crushed, but Bucklen's Arnica Salve quickly cured him. It's simply wonderful for Burns, Bolls, Piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25 cents. Sold by S. J. Hodgkinson, druggist.

ALL AROUND THE STATE

A Few Gleaned Paragraphs of Nevada News.

Several inches of snow fell at Austin Monday.

There are several cases of typhoid fever at Winnemucca.

So many families have moved away from Gold Hill that only 135 children are now attending the public school there.

It is reported that the Bullion and Exchange Bank of Carson will probably start a branch in Tonopah next month.

John O'Toole died in Tonopah last Thursday from acute pneumonia. Deceased was 58 years of age and was an old resident of Lander county.

James P. Otis and Miss Frances G. Coleman of Paradise Valley were married at Winnemucca Wednesday evening, Rev. George King performing the ceremony.

A number of small boys in town are again in the habit of jumping incoming and outgoing trains and if it is not stopped some of them are going to get hurt or killed. The parents of these boys should see that this practice is stopped before it is too late.

A call appears in the last issue of the Miner-Index for a meeting of the citizens of Bodie to perfect an organization of a safety committee, similar to Truckee's famous "601" whose pleasure it will be to purify that town and rid it of objectionable characters.

Twelve new postal cars are nearing completion in the Southern Pacific shops at Sacramento and about twenty-five new flat cars are being turned out every week on the order for 500 flat cars received a short time since. The company is receiving its freight equipment from the east, and nearly every day a number of new box cars pass through from St. Louis, where an order for 1000 new box cars has been placed.

Take Notice.

H. F. PAVOLA INFORMS THE PUBLIC THAT he is ready and able to make the finest pair of boots and shoes that were ever made in the State of Nevada, for coin or marbles. I have secured one of the finest workmen from San Francisco and I calculate always to do high grade work as long as I receive the patronage of the public. The work speaks for itself. Repairing neatly done. My place of business, No. 31 Commercial Row, Masonic Building. sept21-1m

A GENTLE HINT.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. Get a sample bottle free from Hodgkinson. Regular size, 75 cents. Get Green's Prize Almanac.

Wheelmen on Their Homeward Trip.

Yesterday the members of the Oak Park Wheelmen's relay team came down from Carson. They were shown a good time by the local riders, which in a measure took away the sting of defeat they suffered in the Capital City. The California boys say that they were treated splendidly in Carson, even if they were not allowed to win the race.

A Mission by the Paulist Fathers.

A mission will be opened in St. Mary's Catholic Church in this city at 10:30 a. m. today by Paulist Fathers, Wyman and Moran of San Francisco. The Fathers are well-known in Nevada, having held successful missions in Virginia and Carson.

Great good is expected to result from their labors. Services will be held daily at 6 and 8 o'clock a. m. and at 7:30 p. m.

Why Shouldn't Reno?

The town of Alturas will be incorporated. A special election was held and the vote was ten to one in favor of incorporation. Reno is ten or fifteen times the size of Alturas, but the voters here are afraid to cast off municipal swaddling clothes.

May Develop Claims.

Superintendent Parry of the Empire Copper Company informs The Journal that it is looking very promising for two large New York companies to be operating in the Pyramid country this winter. The Empire Company is steadily prosecuting development work.

Dinner at the Riverside.

A splendid dinner of the usual menu is the attraction for families and good livers at the Riverside today. A table spread with the finest of eatables and delicacies served with an expert hand.
